DAILY INFO 3/2018

23.1.2018 21.00

From the Clerk of the Course:

At the first days of reconnaissance there has been extreme speeding and extreme traffic behaviour. I'm aware of the numbers of these competitors and I guarantee, that the invitation to meet the Clerk of the Course comes easily tomorrow and on Thursday, if the rules are not followed. This invitation must be followed.

The maximum speed limit is 80 km/h during reconnaissance on all Special Stages, unless a lower limit is indicated by traffic signs or signs placed by the organiser.

In upcoming days there will be several organizer cars driving at the rally route tracking that the rules are being followed. Also SPAUK and the Police are doing extra speed limit control.

From the Assistant Clerk of the Course, Route:

Snow plowing plan hasn't changed, if there will be changes they will be informed later.

SS 7 Untamovaara is closed until the morning. Repair work at special stage will be done during the night.

Lapin Kansan

Rovajärvi military area will have a military practise next week and because of that there will be army heavy vehicles moving at SS 6/8/10/11 during the reconnaissance. You must be extra careful at these special stages and surrounding areas.

SS 10 Heinuvaara

Near the finish, there will be army vehicles driving against the direction of the rally around 09.00 am tomorrow morning. **You must be extra careful and remember to have low driving speed!**

Rally office is open tomorrow from 08.00 to 18.00.

Have a safe reconnaissance and remember to follow the speed limit rules!
